

Buying quality blinds in Luton

Finding a good supplier of window blinds and awnings in Luton can be difficult.

May I introduce Quickfit Blinds of Luton and Dunstable, Bedfordshire.

They offer the full range of blinds including vertical, venetians, roman and wood. They are also proud to be the local supplier for Broadview Awnings in the Luton area.

They carry a larger range of samples than most and deal with more suppliers than anyone else we know in the Luton area. This means you are more likely to find a perfect match for your decor with Quickfit Blinds.

The service is as follows. Call on 01582 390511 and they will take your call. An appointment is usually booked straight away and they will try and call round as soon as possible.

Quickfit Blinds offer a price promise to make sure their prices are at worst competitive, but are happy to beat any quote on a blind for blind basis.

After you decide to go ahead the order is placed and your blinds manufactured to exacting standards. They are usually delivered to you and fitted in around 2 weeks.

Much of their business is from happy customers using them again or referring others, and it is on this basis that I am happy to suggest you take a free no obligation quote from them.

About the Author

Don't fall into the hands of a poor blinds company for your [blinds and awnings in Luton](#). Use a company that gets its work from repeat and recommendations, namely www.quickfitblinds.com
